

Subject: Mike Mueller 6/29/06 letter

G&L,

Michael Mueller has an M.A. and an M.Phil. He is an administrator for Lehigh University selling their research to the public (i.e., private contractors). Their slogan:

Providing access to strategic relationships that connect our educational mission with your goals.

In other words, he is a "P.R. hack" (his words) for the university, trying to capitalize on the market for radical environmentalism.

The first 326 words in his letter, the first two paragraphs, are his, loaded with childish name calling and misspellings (competitive, attacked, heterodox, headache, politicizing, intelligence, Balunas). In this part, he refuses to answer me "point-by-point". The reason is he is unable to.

The rest of his letter, 6,101 words, from "1." to "The New York Review, February 23, 2006." is verbatim from ElectGore2008.com. See

And he objects to "politicizing"!

The remaining 6,101 words are verbatim a letter from Jim Hansen, the outlaw NASA Goddard Institute for Space Studies, who ignores the directives of his bosses to shut up.

Not informing that the words are Hansen's, Mueller makes it appear that Mueller appeared on public television, and that Mueller met with Al Gore in 1980.

You might want to post his letter through the first two paragraphs, misspellings and all. And then inform the readers that the rest of his letter is plagiarized 100% from Jim Hansen, the radical environmentalist, and posted on ElectGore2008.com.

Mueller is a mindless soldier in the movement -- an automaton, a straw man. Jim Hansen is the man behind the curtain.

Mueller seems to be doing all right with the three exercise days. He needs to step up his exposure to the mental, rest day.
